Until one has loved an animal part of their soul remains un-awakened

Adoptions

2012 had a great kickoff with 4 of our dogs being adopted in one month!

Our darling **Chewy** was first on the list when his foster mom just couldn't resist his cute smile when he came home from work, so he moved into Helen's home and heart!

Saffron couldn't be happier at his new home with Chele and her parents. She fitted right in from the day she moved in. She was playing ball and well... she has them eating out of her paws...

Kia with her new family

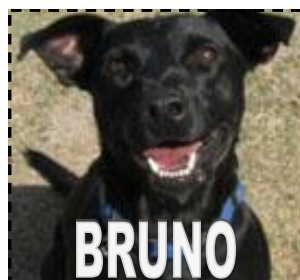

Message from the Solomons family. "She's doing very well and has become an instant addition to our family. She's so full of life and love. We are really blessed to have her and more she is so protective of us!

HOW TO ADOPT AN ANIMAL AT THE DHRC?

Visit our website at www.dhrc.org.za and see which animal you might be interested in. Thereafter we would love you to meet the dog / horse at the centre so that we can assess if they are the animals for you and if you are the right owners for them. We will then come do a house check and then the adoption process will start. For more information contact Cherie at 082 377 5403 or Mayanna at 074 102 2121. There is a standard adoption fee for all animals!
